## How to activate AusDI

Your institution *now* has access to **AusDI,** Australia's trusted independent evidence based medicines information resource.

AusDI delivers rapid access to Australia's most comprehensive and up-to-date database of independent drug monographs, pharmaceutical company product information (PI), consumer medicine information (CMI) documents, product summaries, drug product images and interactions and safety monographs in one single resource. AusDI now responds to your device providing consistent access across mobile, tablet and desktop platforms.

New Interactions and Safety module

Search the new **Interactions and Safety** module to identify clinically significant drug-drug, drug-food, drug-complementary medicine interactions, duplicate therapy warnings, and shared adverse effects.

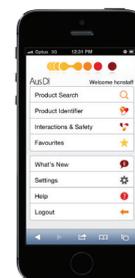

New Product Identifier module

Identify unknown products based on physical characteristics such as shape, scoring, colour or markings. Link back to more clinical information from search results.

New AusDI is now device responsive

AusDI is now device responsive and can be used on most devices with an internet connection and a web browser (smartphone, tablet and desktop). Access all the comprehensive medicines information and features including the *Interactions and Safety* and *Product Identifier.*
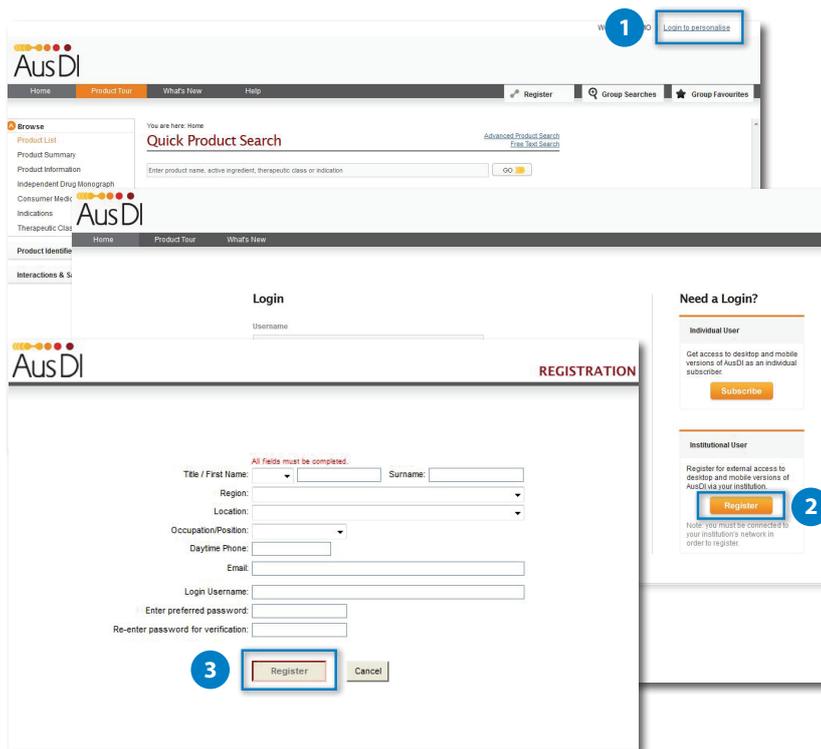

How to activate AusDI

How to register for off-site access via your institution.
Access via your desktop or mobile platforms.

Via Desktop Browser:

1 Navigate to **AusDI (ausdi.com.au)** from your computer which is **connected to your institution's network** and click on the **login to personalise link**

2 Register as an **institutional user**

3 Click **validate** on the **email** you receive to your nominated email account

4 Use the credentials you created to login to AusDI whenever you need to access AusDI from outside your institution's network e.g. at home or from your mobile device

Via your mobile device:

1 Navigate to **AusDI (ausdi.com.au)** from your mobile device which is **connected to your institution's network** and click on the **need a login link**

2 Register as an **institutional user**

3 Click **validate** on the **email** you receive to your nominated email account
